EDUCATION

SRM University

CGPA: 9.5 / 10.0

B.Tech in Computer Science and Engineering (*Pursuing*)

M.A.K. School

SSLC 2021 — 92.4% / HSC 2023 — 91%

TECHNICAL SKILLS

Languages: Python, SQL (Joins, Aggregations, Subqueries)

Data Analysis: Pandas, NumPy, Excel (Data Cleaning, Wrangling)

Data Visualization: Power BI, Tableau, Matplotlib

Machine Learning & AI: Scikit-learn, TensorFlow, Keras, OpenCV, MTCNN, Random Forest

Tools & Frameworks: Flask, Streamlit, Git, GitHub, Power Query, DAX

Soft Skills: Critical Thinking, Attention to Detail, Collaborative, Self-Driven

PROJECTS

Facial Emotion Detection System / *Machine Learning*

2025

- Built a **real-time facial emotion recognition system** using **TensorFlow, Keras, and MTCNN**, classifying **7 emotion categories** with confidence score visualization from live webcam and image inputs.
- Implemented end-to-end **deep learning pipeline** face detection, preprocessing (resizing, normalization), inference and deployed via **Streamlit** web app for seamless real-time interaction.
- Tech Stack: **Python, TensorFlow, Keras, OpenCV, MTCNN, Streamlit, NumPy**

Blinkit Sales Performance Dashboard / *Power BI*

2025

- Designed an interactive **Power BI dashboard** across **3 outlet tiers**, identifying **Supermarket Type 1** as top performer with **\$787K** revenue and **2018** as peak sales year.
- Implemented **role-level security** within **Power BI** using **DAX**, ensuring data governance and compliance with regulatory requirements, reducing audit findings by **75%** in subsequent audits.
- Tech Stack: **Power BI, Power Query, DAX, Excel**

EXPERIENCE

Null Class | *Data Science Intern*

2026

- Delivered **6 production-ready computer vision models** face recognition, object detection, drowsiness detection, sign language recognition using **Python, OpenCV, and deep learning frameworks**.
- Built an **AI-based automated attendance system** with real-time emotion recognition and **CSV/Excel** timestamped logging, fully eliminating manual tracking.
- Trained models on **image and video datasets** applying data preprocessing, augmentation, and performance tuning for real-time inference.

Geeks for Geeks — Student Chapter | *Operational Head*

Oct 2025 – Apr 2026

- Mentored **100+ students** in DSA and Competitive Programming, boosting CodeChef and LeetCode engagement across the chapter.
- Organized **10+ coding contests** and workshops, increasing student participation by **40%**.

CERTIFICATIONS

- **Data Analytics Job Simulation** — Deloitte | 2025
- **Machine Learning with Python — Foundations** — IIT Madras | 2025
- **Data Science with Python — Intermediate** — IIT Madras | 2025
- **Python 101 for Data Science** — IBM | 2024
- **Python Essentials** — Cisco | 2023

ACHIEVEMENTS

- Ranked in the **Top 5 teams** out of **100+ participants** at **V-Medithon**, a 24-hour healthcare hackathon by CYSCOM & NEXUS, VIT Chennai.
- Earned **District-Level Gold Medal** and **State-Level Runner-up** in Taekwondo competing against **200+ athletes** across Tamil Nadu.
- Won **Zonal-Level Championship** in Handball, coordinating with **10+ teammates** to secure the top position.
